**Cordelia Lembo, Head of Design, New York**, said, "On the heels of this week's strong results in Hong Kong, today's sale in New York underscores a truly international market for important works of 20th and 21st century Design. We were pleased to see such enthusiasm for works of 20th century French Design, particularly for works by Alberto and Diego Giacometti, with Alberto Giacometti's "*Grecque*" table lamp coming in at an astounding \$516,600, an auction record for this design. Following closely, we also saw competitive bidding for Diego Giacometti's "*L'Autruche*" flying above its estimate to \$428,400. Once again, Phillips showed itself to be the leader in creating and advancing the market for ceramics, breaking the record we set for a work by Kathy Butterly at auction and setting a record for Doyle Lane's signature weed pot design. It was our pleasure to exhibit these works in our Southampton outpost in the lead-up to the auction and we look forward to welcoming the community in for our next auction. In the meantime, we are confident that the momentum from Hong Kong and New York will continue into our London sale on 30 June."
